

ALL WAYS FALL ARREST

# XTIRPA™ COUNTER WEIGHT SYSTEM

**XTIRPA™ EXTENDABLE DAVIT ARM**  
IN-2237

30" - 48" (762 mm - 1219 mm) reach

**XTIRPA™ WEIGHT PLATE**  
P2305-016N

**XTIRPA™  
COUNTER WEIGHT BASE**  
A2305-27

**XTIRPA™ T-BASE EXTENSION**  
72" (1829 mm)  
A2305-40

**XTIRPA™ 4" (102 mm) MAST  
FOR DAVIT ARM**  
IN-2240, 42" (1067 mm) HEIGHT

**XTIRPA™ UNIVERSAL T-BASE**  
IN-2305

A counter weight system is ideal when you need to move and access various confined spaces entry points in the same area and want to use the 30" - 48" (762 mm - 1219 mm) extendable davit arm for increased reach. Consisting of a central base unit with a number of options for anchoring, positioning, leg adjustment and extension assemblies, this is a system designed for accessibility. The system can be used with a weight rack for counterbalance or with a wheel pad assembly with an attendant vehicle.

**WEIGHT CAPACITY - 360 lb. (163 kg)**

CATEGORY	PRODUCT NAME AND #	DESCRIPTION
<p><b>DAVIT ARM</b></p> 	<p><b>EXTENDABLE DAVIT ARM 30" - 48" (762 mm - 1219 mm)</b> IN-2237</p>	<p>30" - 48" (762 mm - 1219 mm) extendable davit arm for fall protection and retrieval facilitates access to confined space. Use with masts IN-2240 or IN-2313. Pinholes located at 30" (762 mm), 36" (914 mm) and 48" (1219 mm). Equipped with 5,000 lb. (2268 kg) anchor point. Unit weight 35 lb. (15.9 kg)</p>
<p><b>MAST</b></p> 	<p><b>4" (102 mm) MAST FOR DAVIT ARM IN-2237, 42" (1067 mm) HEIGHT</b> IN-2240</p> <p><b>4" (102 mm) MAST FOR DAVIT ARM IN-2237, 60" (1524 mm) HEIGHT</b> IN-2313</p>	<p>4" (102 mm) Mast for confined spaces fall protection and retrieval to be used in conjunction with 30" - 48" (762 mm - 1219 mm) extendable davit arm IN-2237. It can also be used with universal T-base IN-2305. 42" (1067 mm) height. Unit weight 25 lb. (11.3 kg)</p> <p>4" (102 mm) Mast for confined space fall protection and retrieval to be used in conjunction with 30" - 48" (762 mm - 1219 mm) extendable davit arm IN-2237. It can also be used with the universal T-base IN-2305. 60" (1524 mm) height. Unit weight 34 lb. (15.4 kg)</p>
<p><b>BASE</b></p> 	<p><b>UNIVERSAL T-BASE FOR 4" (102 mm) MAST</b> IN-2305</p>	<p>Portable T-base for confined spaces fall protection and retrieval. Attaches to counter weight base A2305-27 via extension A2305-40. Use with masts IN-2240, IN-2313 and davit arm IN-2237. Purchase weights separately.</p>
	<p><b>COUNTER WEIGHT BASE</b> A2305-27</p>	<p>Portable counter weight confined space system base attaches to T-base mount IN-2305 via extension A2305-23. Serves as certified anchor point. Use with mast IN-2240 and 30-48 inch davit arm IN-2237. Weight plates to be purchased separately.</p>
	<p><b>WEIGHT PLATE, 50 LB (22.7 kg)</b> P2305-016N</p>	<p>50 lb. weight plate for use on counter weight base A2305-27. Forty plates required.</p>
	<p><b>T-BASE EXTENSION, 72" (1829 mm) WITH 2.5" (63.5 mm) RECEIVER</b> A2305-16</p>	<p>This 72" (1829 mm) extension connects to universal T-base IN-2305 using T-base reducer A2305-25. Permits T-base to connect to vehicle hitch. Measures 2.5" (63.5 mm) in diameter. Use reducer A2305-20 to fit 2" (51 mm) vehicle hitch mount.</p>
	<p><b>REDUCER 2.5 - 2" (63.5 - 51 mm) FOR T-BASE EXTENSION</b> A2305-20</p>	<p>This reducer is used with 72" (1829 mm) extension A2305-16. Allows T-base extension to fit into 2" (51 mm) vehicle hitch mount.</p>
	<p><b>EXTENSION TUBES 96" (2438 mm) FOR COUNTER WEIGHT BASE</b> A2305-40</p>	<p>96" (2438 mm) extension tubes for counter weight base.</p>
	<p><b>T-BASE REDUCER FOR 72" (1829 mm) EXTENSION</b> A2305-25</p>	<p>T-base reducer for 72" (1829 mm) extension 2305-16.</p>
	<p><b>90° EXTENSION FOR IN-2305</b> A2305-29</p>	<p>90° EXTENSION FOR IN-2305</p>
